

# Success Spotlights

**T**he holidays can be tough on a family's budget, with demands for large meals and presents for children. Through the **Bernhardt Foundation's generous donation of gift cards** worth \$800, the Early Learning Coalition was able to award two deserving families the funds they needed for meals and gifts.

The families chosen to receive the award were selected based on the stability of parental employment and their dedication to their families. The ELC was delighted to have brightened the holidays for those families through the collaboration with the Bernhardt Foundation.
