

Success Spotlights

Mackenna came to the Early Learning Coalition (ELC) as a victim of an abusive relationship that had resulted in her child being placed into foster care.

Through the ELC's assistance she moved into the Betty Griffin House shelter in 2009 and was reunited with her son.

ELC's Child Care Resource and Referral services have enabled Mackenna to work full-time and attend school part-time.

Mackenna and her son have recently moved out of the shelter and into the first home of their own.
